

GO Switch Product Overview

Square round

Series or Model	10 Series	20 Series	31, 32, 33, 35	80 Series	71, 72	73, 74, 75, 76	77	7G, 7H, 7I	7L	7C-7E																																																																																																																																																																																																																																																																																									
Sensing Area	Side	Side	End	End	3/8" or M12x1	5/8" or M18x1.5	3/4"	5/8"	5/8" or M18x1.5																																																																																																																																																																																																																																																																																										
Maximum Sensing Range	9/16" (14mm)	3/8" (104mm)	1/4" (6mm)	1/4" (6mm)	.040" (1mm)	.100" (2.5mm)	.100" (2.5mm)	.090" (2mm)	.100" (2.5mm)	.090" (2mm)																																																																																																																																																																																																																																																																																									
Maximum Sensing Range with Target Magnet	3 3/4" (95mm)	3 3/8" (86mm)	2 5/8" (66mm)	3 7/8" (98mm)	.15" (4mm)	.35" (9mm)	.35" (9mm)	.20" (5mm)	.35" (9mm)	N/A																																																																																																																																																																																																																																																																																									
Contact Forms Available	SPDT / DMDB Latching	SPDT / DMDB Latching	SPDT	SPDT DPDT	SPDT	SPDT	SPDT	DPDT / SPDT	SPDT	SPST N/O & N/C SPDT																																																																																																																																																																																																																																																																																									
Enclosures Available	Brass Stainless Steel	Brass Stainless Steel	Copper ^(35 only) Stainless Steel ^(31, 32, 33)	Brass Stainless Steel	Stainless Steel	Stainless Steel	Stainless Steel	Stainless Steel	Stainless Steel	Stainless Steel																																																																																																																																																																																																																																																																																									
Approvals Available	UL, SFA, FM APPROVED, MSHA, SAA	UL, SFA, FM APPROVED, MSHA, SAA	UL, SFA, FM APPROVED, SAA	UL, SFA, SAA	UL, SFA, BASEEFA, SAA	UL, SFA, BASEEFA, SAA	UL, SFA, BASEEFA, SAA	UL, SFA, BASEEFA, SAA	UL, SFA	UL, SFA																																																																																																																																																																																																																																																																																									
Options Available	High Temperature Underwater Explosion Proof Intrinsically Safe	High Temperature Underwater Explosion Proof Intrinsically Safe	High Temperature Underwater Explosion Proof Intrinsically Safe	High Temperature Underwater Explosion Proof Intrinsically Safe	High Temperature Underwater Explosion Proof Intrinsically Safe	High Temperature Underwater Explosion Proof Intrinsically Safe	High Temperature Underwater Explosion Proof Intrinsically Safe	High Temperature Underwater Explosion Proof Intrinsically Safe	High Temperature Underwater Explosion Proof Intrinsically Safe	High Temperature Underwater Explosion Proof Intrinsically Safe
